

Day7: Position & Location – Part 1

Name _____

1. Amy received four gift boxes and stacked them on the table. The pink gift box is at the bottom. The yellow gift box is next to the pink one. The blue gift box is placed above the pink box, and the green gift box is on top of the blue one. Which gift box is on the top?

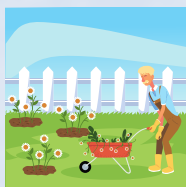

2. David stacked four plates on the dining table. The yellow plate is at the bottom, and the black plate is on the top. The gray plate is placed between them, and the red plate is just under the gray plate. Which plate is closest to the table? Also, draw the plate stack from bottom to top to show their positions.

3. A bookshelf is 200 centimeters tall. A cabinet to its right is 120 centimeters shorter than the bookshelf. What is the height of the cabinet? Draw a picture to show their positions and label each number.

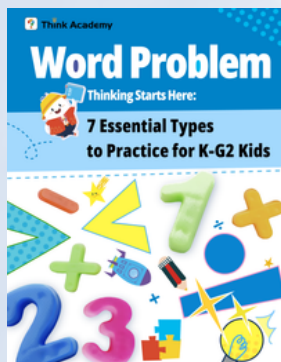

4. A bed is 50 cm high. A toy box under the bed is 30 cm tall. How much space is left between the toy box and the bed? Draw a picture to show their positions and label each number.

5. A gardener planted 10 red flowers on the left side of the garden and 12 yellow flowers on the right side. Later, the gardener added 5 more red flowers to the left side and 3 more yellow flowers to the right side. How many flowers are there on the right side now?

Day7: Position & Location — Part 2

Name _____

6. Emily is competing in a marathon. She finished sixth, and there were 4 runners behind her. How many runners participated in the marathon? Draw a picture to show their positions and label each number.

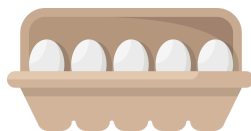

7. In a row of students waiting for lunch, Sarah is seventh from the left. Sarah is standing next to John in line. If John is standing to her left, how many people are in front of John? Draw a picture to show the line and write the number sentence.

8. Liam was at the beginning of the queue for the roller coaster ride. There were 11 people behind him. How many people were in the queue in total? Draw a picture to show the line and write the number sentence.

9. A box has 9 eggs inside. Late, 3 eggs are taken out and placed outside the box. Then, 4 new eggs are added to the box. How many eggs are inside the box now? Write your number sentence.

10. Emily has read 18 books so far this year. She finished 6 books this month. How many books did Emily read before this month? Write your number sentence.

11. Ashley has five stickers on her book: 🌸 🍭 ❤️ 🦄 ⭐. She places each of them from top to bottom inside boxes. 🌸 is in the middle. ⭐ is between 🌸 and 🦄. The unicorn sticker is on the top. Lollipop-shape sticker is on the bottom. Label each sticker in the boxes.

You can use the following letters to represent each sticker:

- F for Flower sticker
- H for Heart-shaped sticker
- L for Lollipop-shaped sticker
- U for Unicorn sticker
- S for Star-shaped sticker
